Advance your business goals with HP

Where performance meets innovation

When you buy from HP, you're partnering with a global technology leader dedicated to helping you advance your business goals. HP's legendary print solutions and cutting-edge innovations help businesses make a professional impression while enabling effective workflows and productivity. Our easy-to-use, scalable technology allows organizations of any size to develop a coordinated, cost-efficient printing and imaging strategy. And our consulting services and support teams can tailor HP solutions to individual business needs, enabling companies to get more out of their investments.

- **World-class, affordable products.** HP sells imaging and printing products at various price points, from entry-level equipment for home-based businesses to innovative, industry-leading enterprise devices. Specific product offerings include color and monochrome printers, multifunction printers, document scanners, and mobile printers and scanners. HP's commitment to quality and innovation is one reason customers recognize HP as the printer brand they trust most.¹ For a more detailed look at our product lineup, see the in-depth product pages within this guide or visit www.hp.com/go/smb (U.S.) or www.hpshopping.ca (Canada).

- **Wide array of solutions and technologies.** We partner with highly qualified technology providers to help create innovative, secure solutions for your specific workflow and industry needs. Whatever your business, HP technologies can help increase productivity, improve energy efficiency, help reduce costs and help secure data. Plus, HP solutions are designed to integrate easily and securely with your existing IT investments. Visit www.hp.com/go/printsolutions
- **Unmatched HP expertise.** As one of the world's largest technology companies, HP is uniquely positioned to help optimize your imaging and printing infrastructure. The HP Managed Print Services (MPS) team, for example, will work with you to assess, deploy, and manage your organization's entire printing environment. According to Gartner, "Organizations that manage their printer, copier and fax fleets can save between 10% and 30% of their print costs."² Visit www.hp.com/go/mps

¹ HP Worldwide Brand Study, U.S. results, 2012.

² Magic Quadrant for Managed Print Services, Worldwide, Gartner, 25 October 2011.

Why HP

The benefits of choosing HP products

Color turns receivables into revenue

Create professional-quality marketing materials in-house with HP's high-performance color printers.

- **Make a colorful, lasting impression.** According to a recent study, nearly 80% of consumers say they're more likely to read flyers, postcards, newsletters, and brochures that contain full color.³ With HP's latest color printers, it's easier and more affordable than ever to print professional-quality color postcards, flyers, and other materials without leaving the office.
- **Take control of your marketing budget.** Printing in-house with HP color lets you print what you want, when you want. You can quickly personalize materials for different audiences, take advantage of spur-of-the-moment marketing opportunities, or print small runs without paying costly fees. Get help creating your own marketing materials, by visiting www.hp.com/sbso/expert

HP Printing and Imaging Solutions for business

Work smarter and improve your productivity with HP's innovative Print and Image solutions for enterprise businesses.

- **HP ePrint.**⁶ Now you can print from your smartphone or tablet from virtually anywhere with HP ePrint.⁶ HP's ePrint solutions include a wide selection of HP ePrint enabled printers, HP ePrint Enterprise for printing to a company's safeguard network, and printing to 1000's of public print locations.⁷ Get more information at www.hp.com/go/mobile-printing-solutions
- **HP Open Extensibility Platform (OXP).** Integrate your business-specific applications across your entire fleet with HP OXP, which unites your workgroup print/image environment while giving users access to a single intuitive interface.

- **HP FutureSmart.** Upgrade, manage, and extend your fleet with this robust firmware solution, which gives you access to new features—such as workflow and security enhancements—without purchasing new hardware.
- **HP Enterprise flow MFPs.** Turn information into action with the advanced capture and routing capabilities HP Enterprise flow MFPs. Combining the convenience of existing MFP functionality with cutting-edge features like HP EveryPage ultrasonic double-feed detection, pull-out keyboards and high-capacity document feeders, flow MFPs help accelerate business processes, advancing the way you work.

Read more about HP's innovative print solutions on **page 42** of this guide or go to www.hp.com/go/printsolutions

HP Trade-in program

Turn in your old products and get paid the fair market value for your aging technology with the HP Trade-in program. The program spans every technology category and brand, and rewards you for keeping your equipment up to date.

See page 48 for more information.

HP Care Pack Services and eSupport

HP helps you stay on top of your technology investments with a customer-friendly portfolio of service and support offerings.

- **HP Care Pack Services.** Reduce printer downtime with these easy-to-buy, easy-to-use packages. Contact your HP reseller partner, or visit www.hp.com/hps/carepack for details
- **eSupport.** Resolve problems quickly and help lower support costs with our easy-to-use eSupport web-based services. Visit our support and driver center online at www.hp.com/sbso/bussupport for details

³ InfoTrends, "Using Color Effectively in Print" white paper, October 2011.

⁴ HP Imaging and Printing Security Center must be purchased separately.

⁵ Based on an HP assessment of printer manufacturer security offerings in market as of November 1, 2011

⁶ Requires an Internet connection to HP web-enabled printer and HP ePrint account registration (for a list of eligible printers, supported documents and image types and other HP ePrint details, see www.hp.com/go/eprintcenter). Mobile devices require Internet connection and email capability. May require wireless access point. Separately purchased data plans or usage fees may apply. Print times and connection speeds may vary. Some HP LaserJet printers may require firmware upgrades.

⁷ Use of HP ePrint at HP Public Print locations requires Internet- and email-capable smartphone or tablet with separately purchased wireless Internet service, and HP ePrint or HP ePrint software. Availability and cost of printing varies by location. Visit www.hp.com/go/eprintmobile to view the list of applicable smartphone and tablet operating systems.

HP LaserJet Color MFPs

HP LaserJet Pro 100 Color MFP M175nw

Produce professional-quality color at the office, and easily print, scan and copy, using HP's smallest color laser MFP. You can count on HP to deliver innovations that make it easy to print from mobile device^a and to reduce energy use.

HP TopShot LaserJet Pro M275

HP's first color MFP with TopShot Scanning lets you scan, copy, and print with ease. Use HP TopShot Scanning to capture images of 3D objects, then use business apps to send directly to the Web.² Print from virtually anywhere with HP ePrint.³

New HP LaserJet Pro 200 Color MFP M276nw

Streamline office tasks with a wireless-enabled color MFP that provides touchscreen access to business apps.^{1,2} Print from virtually anywhere with HP ePrint.³ Boost productivity with versatile scan, fax, and copy options.

HP LaserJet Pro 300 Color MFP M375nw

Gain efficiency—get professional color, mobile solutions and energy savings with a Web-connected MFP.

^{A)} Based on personal color printers as defined by IDC and shipping as of June 2010 as measured by volume (W x D x H) using manufacturers' specifications or as measured by operational "A4" size.

^{B)} Energy consumed based on competitive TEC measurement results found at www.energystar.gov and www.eu-energystar.org for single-function color laser printers as of June 2010. TEC based on mono pages in mono print speed. Individual product configuration and usage will affect power consumption.

^{C)} Requires an Internet connection to HP web-enabled printer and HP ePrint account registration (for a list of eligible printers, supported documents and image types and other HP ePrint details, see www.hp.com/go/eprintcenter).

Mobile devices require Internet connection and email capability. May require wireless access point. Separately purchased data plans or usage fees may apply. Print times and connection speeds may vary. Some HP LaserJet printers may require firmware upgrades.

¹ Majority of color laser printers <US\$300 and color laser AiOs <US\$600, March 2011; for details see www.hp.com/officejet. OJ Pro ISO yield with highest-capacity cartridges based on continuous printing; see www.hp.com/go/learnabouteprint

² HP ePrint Enterprise requires HP ePrint Enterprise server software. App-based option requires Internet- and email-capable BlackBerry® smartphone OS 4.5 or newer, iPhone® 3G or newer, iPad® and iPod Touch® (2nd gen) devices running iOS 4.2 or later, or Android® devices running version 2.1, 2.2, and 2.3, with separately purchased wireless Internet service. Email-based option requires any email-capable device and authorized email address. Solution works with PCL5/6, PCL3, and PCL3GUI printers (HP and non-HP).

HP Officejet and Officejet Pro All-in-One (A & B-size)

HP Officejet 4620 e-All-in-One

Full-featured productivity and easy wireless connectivity to handle all your business needs.⁴

HP Officejet 6600 e-All-in-One

Affordable, professional color page after page and increased productivity to elevate performance.

HP Officejet 6700 Premium e-All-in-One

Reliable color performance meets enhanced productivity. Print professional color for a low cost per page. Tap the touchscreen to access apps and control print, copy, and scan jobs.³ Easily print on the go with HP ePrint² and get automatic two-sided printing.

HP Officejet 7500A Wide Format e-All-in-One

Produce low-cost, professional-quality color documents from 3 x 5 to 13 x 19 inches with this wide-format, web-connected all-in-one. With HP ePrint² you can e-mail it, you can print it. Access the Web without a PC, using apps.³

HP Officejet and Officejet Pro All-in-One (A & B-size)

HP Officejet Pro 8600 e-All-in-One

Produce professional color documents for up to 50% lower cost per page than lasers⁵, and accelerate productivity with apps on the large touchscreen, networking options and versatile e-all-in-one performance. Easily print from a mobile device with HP ePrint². Manageable with Web Jetadmin. Scan or route incoming faxes to a network folder without a PC.³

HP Officejet Pro 8600 Plus e-All-in-One

All the features of the Officejet Pro 8600, plus a larger (4.3-inch) touchscreen; faster printing; legal-size scanning glass, a 50-page automatic document feeder for double-sided scanning, and scan or route incoming fax to e-mail without a PC.³

HP Officejet Pro 8600 Premium e-All-in-One

All the features of the Officejet Pro 8600 Plus, and second 250-sheet paper tray and a second set of color ink cartridges.

¹ The HP Designjet L28500 Printer produces an extremely broad range of both outdoor and indoor applications at speeds up to 70% faster than the HP Designjet L26500 and L25500 from a single device, which surpasses the number of different applications that traditional eco-solvent printers or water-based printers can produce.

² For best results, print on media that does not let the ink trespass onto the printer.

³ Performance may vary depending on media. Please consult your media supplier for compatibility details.

For best results use media options intended for double-sided printing.

HP Scitex Large-format Printers

HP Scitex FB7600

Achieve quick ROI with more digital printing opportunities. The ability to print on a wide variety of media up to 25 mm thick can expand your business. Workflow enhancements increase productivity and reduce effort. HP Scitex Print Care helps maximize uptime.

HP Scitex TJ8600

High-quality matte and gloss printing, with a high-speed, automated workflow to reach a wide range of indoor and outdoor applications.

HP Scitex TJ8350

Up to 50% increased print speed¹ from the TJ8300 and a lower cost per copy.

HP Scitex XP5500

Reduce the cost of printing and print high-quality outdoor and indoor signage with industry-leading print speeds and unprecedented ink coverage. New billboard modes enable greater printing versatility. HP Scitex Print Care helps maximize uptime.

HP Scitex XP5100

Combine the performance of traditional wide-format printers with the speed, quality, and media versatility of today's UV ink printers.

HP Scitex Large-format Printers

HP Scitex XP2500

Help increase profits and reduce costs with greater versatility and unprecedented ink coverage. This 3.2 m UV ink printer is designed for outdoor signage and offers time-saving features. Increase uptime with a proven product and HP Scitex Print Care.

HP Scitex LX850

Expand your reach with stunning outdoor/indoor applications. High-quality prints are delivered at true production speed with a 126-in (3.2-m) printer that also offers multiple workflow features. Attract environmentally conscious customers.

HP Scitex FB700

Speed your workflow on rigid and flexible media with the HP Scitex FB700 Printer, which lets you load, print, and collect media simultaneously. Increase your application reach. And experience peace of mind with a device that performs reliably.

HP Scitex FB500

Speed up the delivery of orders with a printer that lets you print and load media simultaneously. Target new applications with quality results on virtually any rigid and flexible media.¹

HP Indigo Digital Presses

HP Indigo r5000 Refurbished Digital Press

The HP Indigo r5000 Refurbished Digital Press delivers everything you need in a digital press – productivity, profitability and quality. With an affordable investment, you get a complete digital solution that integrates seamlessly into your environment, operates with ease, and delivers maximum utilization.

HP Indigo 3550 Digital Press

The HP Indigo 3550 Digital Press, designed to meet the challenges of today's demanding market, is an entry level digital press that doesn't compromise on print quality. Offering HP Indigo's exceptional reliability and versatility at a low initial investment, it is the ideal solution for launching digital production.

New HP Indigo 5600 Digital Press

The HP Indigo 5600 Digital Press delivers unmatched digital offset and photo quality with high versatility and productivity. Seamlessly switching between jobs and media types—with a new optional added ability to print on synthetics.

New HP Indigo 7600 Digital Press

The fastest 13 x 19 in digital press in the market, combines proven quality, versatility and breakthrough productivity with new intelligent automation that maximizes uptime. New special effect capabilities—including raised print and textured effects.

HP Indigo Digital Presses

New HP Indigo 10000 Digital Press

The 29 inch format press produces almost any commercial job—with the quality, substrate versatility, and production flexibility of an Indigo digital press. This robust press is an easy fit for offset print service providers, printing large volumes with a wide variety of applications.

HP Indigo WS6000p Digital Press

High-volume web-fed digital press production for focused publishing and photo applications that combines the quality and speed of offset with the intelligence of digital printing for longer job runs with optional in-line finishing.

New HP Indigo W7250 Digital Press

The press serves high-volume production using its unique combination of quality, productivity, and competitive total cost of ownership. This application-focused press platform prints on virtually any paper at high speed.

HP Indigo WS4600 Digital Press

The HP Indigo WS4600 Digital Press offers a complete end-to-end solution—from pre-press to finishing. For runs up to 6,500 linear feet, the HP Indigo WS4600 Digital Press lowers your production costs compared to label production using conventional printing.

HP Scanjet Scanners

(7000nx shown)

HP Scanjet 7500 Flatbed Scanner

Get impressive speeds up to 50 ppm/100 ipm.¹ A 100-sheet automatic document feeder tackles paper sizes up to 34 inches long. Scan large layouts and bulky items with the legal-size flatbed.

HP Scanjet 7000nx Document Capture Workstation

This shared document capture workstation provides reliable, high-performance scanning for a variety of business documents.

HP Scanjet 9000

Automate document workflows and reduce IT calls with reliable, two-sided scanning for a variety of business documents.

HP Scanjet Enterprise 8500 fn1 Document Capture Workstation

Accelerate workgroup productivity with high-volume, networked scanning. This highly reliable solution seamlessly handles up to a 5,000-pages-per-day duty cycle. Control and protect jobs with leading manageability and security features.

HP Scanjet Scanners

HP Scanjet N9120 Department Document Scanner

Easily scan, save and manage documents to 11 × 17-inch. Rapid scans to 50 ppm/100 ipm. For new or existing systems.

Specifications		
Scan type	Flatbed with ADF	
Scan speed[®]	Up to 50 ppm (100 ipm)	
Duty cycle, monthly	Up to 5,000 pages per day	
Task speed	Not applicable	
Scan resolution, hardware	Up to 600 × 600 dpi	
Scan size, max	11.7 × 17 in, 11.7 × 34 in with ADF	
Bit depth	48 bit	
Connectivity, std	Hi-Speed USB 2.0	
ADF capacity	Yes, up to 200 sheets	
Multifeed detection	Yes, ultrasonic	
Transparent materials adapter for slides and negatives	Not applicable	
File formats	BMP, JPG, TIFF, TIFF compressed, multi-page TIFF, PNG, PDF, PDF-A, PDF searchable, PDF-MRC, RTF, HTML, TXT, UNICODE, DOC, WPD, XML, XLS, XPS, OPF	
Software included	ISIS and TWAIN drivers, HP Smart Document Scan, Kofax VRS Pro; Visit www.hp.com for information	
Mac compatible	No	
Warranty, std	1 year Next Business Day Onsite	
Estimated U.S. street price^Q	N9120 (L2683A):	\$3,999

Cut the cables—go wireless.

HP wireless print servers are an easy and cost-effective way for multiple users to share a printer. They can help home users or small businesses conveniently share a broad range of HP peripherals on a network. They offer easy installation, configuration and management of HP peripherals for simple connectivity.

Original HP Supplies

From innovative design to easy, free recycling—Original HP Supplies help you to be more environmentally responsible

There's no question—Original HP Supplies drive the technology of HP printing. HP printers, print cartridges and paper are designed as a single printing system, precisely engineered for exceptional print quality, rock-solid reliability and fast, efficient operation—page after page.

Not all supplies are created equal. The crisp, vibrant printing by HP Inkjet printers is the result of engineering advancements from the world's leading inventor of ink. And every HP LaserJet toner cartridge is specially designed and custom engineered to work flawlessly with HP LaserJet printers for clear, sharp output for the life of the cartridge. Every HP print cartridge goes through rigorous testing to ensure you get the quality HP printing you expect.

The only way to get HP-quality printing is to use Original HP Supplies. Consider the long-term value of your purchase decisions and count on genuine HP inks, toner and printing materials for unsurpassed reliability.

All of the Original HP Supplies featured in this guide offer the assurance of HP quality and reliability, as well as complete compatibility with HP peripherals. The pages that follow make it easy to choose the right HP Supplies, whatever your needs.

HP SureSupply

HP SureSupply is a free, easy-to-use tool for smarter, simpler online print supply ordering. To learn more, visit www.hp.com/go/SureSupply (US) for a demonstration of how it can work for you. And never run out of ink or toner again.

HP Planet Partners Return and Recycling Program

HP Planet Partners Return and Recycling Program enables simple, convenient return and recycling of Original HP ink and LaserJet¹ supplies and any brand of computer hardware. We help ensure that your returned products are recycled properly, processing them to recover valuable plastics and metals for new products and diverting millions of tons of waste from landfills.

HP Inkjet and LaserJet supplies recycling

It's easy and free. When your HP ink or LaserJet toner cartridge is empty, return it for recycling by going to www.hp.com/recycle for free return and recycling options or by using the pre-addressed, postage-paid label found in all HP LaserJet print cartridge boxes.

The recycling process

What happens when you return an Original HP print cartridge or any brand of computing hardware for recycling? Our state-of-the-art recycling facilities process each return through a multi-phase recycling process. No HP print cartridges returned and recycled through HP Planet Partners are sent to landfill. Products are sorted and shredded, then separated into plastics and metals which can then be used to make new metal and plastic products, such as HP cartridges and other everyday products. Any remaining material is disposed of or handled responsibly through energy recovery.

For more information about the HP Planet Partners Program, please go to www.hp.com/recycle or call **1-800-340-2445** Monday through Saturday 6 am–9 pm and Sunday 7 am–5 pm mountain standard time.

HP Inkjet and LaserJet print cartridge recycling facts

- The HP Planet Partners Return and Recycling Program for HP printing supplies has been operating since 1991 and today extends to customers in more than 50 countries, regions and territories.
- Customers have returned and recycled 389 million HP ink and LaserJet toner cartridges worldwide since the HP Planet Partners program began in 1991, representing a weight of 438 million pounds (198,000 tonnes).
- To date, HP has recovered a total of more than 2.36 billion pounds of electronic products (for reuse and recycling) and supplies (for recycling) since 1987.²

¹Program availability varies. Original HP cartridge return and recycling is currently available in more than 50 countries and territories around the world through the HP Planet Partners Program. For more information, or to request return envelopes and bulk collection boxes, visit www.hp.com/recycle

HP Innovations and Technology

HP Innovations and Technology – beyond the page

HP is one of the leading IT companies in the world with end-to-end solutions that deliver value in all phases of the information life cycle, as well as technologies and firmware that handle the management of the entire infrastructure.

Choose from a wide range of technology options for your organization. Easily manage your entire printing and imaging environment, help lower costs, improve productivity, and can reduce your impact on the planet, reliably and securely. For more information, visit www.hp.com/go/printingsolutions

Infrastructure – making it easy to print wherever, whenever you need to

Mobile Printing Solutions: Keeping up with the global economy means being able to print from wherever business takes you, and now you can with HP Mobile Printing. This collection of technologies enables local and remote printing from mobile devices (smartphones, tablets, laptops and media players). It also includes all versions of HP ePrint, mobile apps, AirPrint™,⁴ compatibility with Apple devices and other embedded OS solutions such as WebOS and Google Cloud Print™.³ Why wait when you can HP ePrint?¹

See www.hp.com/go/ePrintCenter

HP Universal Print Driver: The HP Universal Print Driver is an intelligent, feature-rich driver that makes it easy to connect to a range of HP LaserJet printers in the office or on the road without downloading separate, product-specific drivers. This driver provides full-featured support for most HP LaserJet printers and includes basic printing capabilities for non-HP printers. Free download at www.hp.com/go/UPD

HP Smart Install: Scouring the internet for driver software and waiting for it to install is not time well spent. With HP Smart Install, you can just plug in your HP LaserJet and print in as little as two minutes – no CDs required!⁶

Business Printer Apps: From specialized templates and forms you can use as marketing pieces, to daily industry newsletters waiting for you when you get into work, Business Printer Apps help turn your HP LaserJet into much more than a printer.

HP LaserJet MFP Wizard Console: No need to flip through manuals to identify problems when you've got the Wizard in your corner. You'll set up your Scan-to-Email and Scan/Save-to-Folder features with ease.

¹ Requires an Internet connection to HP web-enabled printer and HP ePrint account registration (for a list of eligible printers, supported documents and image types and other HP ePrint details, see www.hp.com/go/eprintcenter). Mobile devices require Internet connection and email capability. May require wireless access point. Separately purchased data plans or usage fees may apply. Print times and connection speeds may vary.

² HP Auto-Off capabilities subject to printer and settings.

³ Google and Gmail are trademarks of Google Inc. Feature requires Google Cloud Print Ready printer or an existing printer connected to a PC with Internet access. Print times may vary. Currently only Google apps are supported. Some HP LaserJet Printers will require firmware upgrade.

⁴ Supports the following devices running iOS 4.2 or later: iPad®, iPhone® (3GS or later), iPod touch® (3rd generation or later). Works with HP's AirPrint-enabled printers and requires the printer be connected to the same network as your iOS device. Wireless performance is dependent upon physical environment and distance from the access point. AirPrint, the AirPrint Logo, iPad, iPhone, and iPod touch are trademarks of Apple® Inc., registered in the U.S. and other countries.

⁵ HP Imaging and Printing Security Center must be purchased separately.

⁶ HP Smart Install works with Microsoft Windows only.

⁷ HP EcoSMART Fleet must be purchased separately.

⁸ Color access control capabilities vary from device to device. Buyer's Lab gave HP color control features an "Outstanding Achievement" award in December 2007.

HP Auto-On /Auto-Off²: One of the biggest energy drains in an office comes from idle machines that suck power. HP Auto-On/Auto-Off² technologies turn your device on when you need it and off when you don't so you're saving energy even when you're not there.

HP FutureSmart & OXP: Every day, developers around the world come up with new and innovative ways to augment HP LaserJet printers, MFPs and scanners with new applications, services and solutions. The Open Extensibility Platform and FutureSmart firmware make it easy to integrate the new solutions directly into the fleet of devices.

Management – minimize the effort to keep your printers and scanners running smoothly so users can focus on business

HP Web Jetadmin: Managing an entire fleet of devices is infinitely easier when you can do it all from one place – which is exactly what HP Web Jetadmin allows you to do. Manage printing environments efficiently with award-winning HP Web Jetadmin. Free download at www.hp.com/go/wja

HP EcoSMART Fleet: Software that uses the HP Web Jetadmin database for real-time data to analyze the functions within printers, MFPs and scanners that control energy, carbon footprint, and paper-savings. IT managers can better forecast, report improvements, and monitor progress toward environmental goals.⁷ See www.hp.com/go/esf

HP Imaging and Printing Security Center:⁵ The industry's first policy-based imaging and printing compliance solution that enables effective fleet security monitoring and management. For more information, see www.hp.com/go/IPSC

HP Color Access Control: Using the power of Web Jetadmin and the embedded web server you can easily monitor color usage and limit access to color printing within your organization – complimentary with all HP LaserJet color printers and MFPs⁸

HP Capture & Route: With HP Capture and Route, it's one-button simple to capture a document and route it to where it's needed. Now documents can become more accessible and easier to find, distribute, and track. This increases productivity and streamlines processes, while supporting record retention, document security, and privacy requirements. See www.hp.com/go/documentmanagement

HP Information Workflow Solutions

Getting beyond paper-based processes

The average document moves from analog to digital many times over its lifecycle. Improving workflows is one of the most effective ways to reduce waste and cost, and it can also increase productivity, help reduce compliance risks, and accelerate revenue. HP Information Workflow Solutions are tailored, fully integrated solutions that automate paper-intensive processes and enable additional customer-centric services to improve business outcomes. HP Information Workflow Solutions encompass business processes that are common to all large enterprises, including a suite of targeted solutions that address the unique needs of specific industries.

www.hp.com/go/printingsolutions

HP Solutions Business Partners

HP partners with highly qualified solution providers to add versatility and capability to the industry's largest imaging and printing portfolio. HP has the expertise to identify and integrate innovative solutions—for companies of any size—to help meet their complex business needs. As a global technology leader, HP offers financial stability and scale to improve IT value, enabling customers in major industries to become more cost-effective, efficient, secure, and sustainable.

Cross-industry Solutions

Few providers can match HP's ability to compose, capture, route, manage, retain, deliver, safeguard, and continually optimize the flow of documents and information within an organization – both internally, as well as with partners and customers. These include:

- HP Document Capture Solutions
- HP Forms and Document Automation Solution
- HP Automated Invoice Processing Solution
- HP Contracts and Procurement Management Solution
- HP Customer Communication Management Solutions with HP Exstream
- HP Smart Production Suite
- HP ePrint Enterprise Mobile Printing
- HP Access Control Printing Solutions
- HP Printing Security Solutions
- HP Redaction Solution
- HP Managed Print Services (MPS)
- HP Eco Solutions

And HP Financial Services offers 100% financing of HP solutions, allowing you to bundle hardware, software and services into low periodic payments that often can be funded from the operating budget. Leasing offerings allow you to proactively manage the lifecycle of your assets.

HP Information Workflow Solutions

Industry-specific solutions

Services Industries

- **HP Account Opening Accelerator for Communications, Media, and Entertainment:** Help drive cost savings, improve customer perception, and enable retail associates to increase the number of customer engagements by automating the capture and routing of documents required for opening a new contract with CME customers.
- **HP Account Opening Accelerator for Banking:** Help increase banker and service staff productivity for an improved customer experience by expediting start-to-end account setup.
- **HP Loan Origination Accelerator:** Can reduce the costs and cycle times of loan origination by streamlining paperwork and automatically routing forms to back-office workflows. Boost staff productivity and service levels by automating production, distribution and control of loan document packages.
- **HP Check Printing Security Solutions:** Embeds fraud prevention technologies to control check printing and help combat fraudulent alterations to the finished check.
- **HP Compliant Document Capture Solution for Financial Services:** Capture, archive and track regulated documents, email and faxes, providing improved productivity and can reduce operating costs.
- **HP Claims Transformation Solution for Insurance:** Boost customer satisfaction and reduce the inconsistency, time, expenses and risks associated with manual and paper claims processing tasks by automating the flow of claims forms, correspondence and support documents.

- **HP Insurance Policy Accelerator:** Help accelerate policy setup and servicing, improve the productivity of customer-facing agents and support staff, and enhance document and policy-holder security.

Learn more at
www.hp.com/go/fsiworkflow

Health & Life sciences

- **HP Prescription Printing Solution:** Assists with helping to meet government requirements.
- **HP Patient Identification Printing:** Increase safety and efficiency with laser-printed wristbands that feature color and photographic identifiers over and above two-dimensional and linear bar codes.
- **HP Distributed Workflow Solutions for Healthcare:** Help reduce healthcare costs and improve patient care with Enterprise Content Management (ECM) solutions that streamline and automate paper-based document processes.
- **HP ePrint Enterprise for Healthcare Providers:** Print wherever healthcare happens right from your smartphone or tablet PC, and can improve the productivity of mobile care providers as well as patients' experience¹.
- **HP Patient Communications:** Help reduce hospital re-admissions, improve patient outcomes, and promote transition care with tailored, multi-lingual, and multi-channel communications.

Learn more at
www.hp.com/go/healthcareworkflow

¹ Requires an Internet connection to HP web-enabled printer and HP ePrint account registration (for a list of eligible printers, supported documents and image types and other HP ePrint details, see www.hp.com/go/eprintcenter). Mobile devices require Internet connection and email capability. May require wireless access point. Separately purchased data plans or usage fees may apply. Print times and connection speeds may vary. Some HP LaserJet printers may require firmware upgrades.

Manufacturing & Distribution Industries

- **HP Proof of Delivery Document Management Solution:** Automate proof-of-delivery processes with enhanced barcode technology to improve shipping, tracking billing and auditing processes.
- **HP Automotive Credit Application Accelerator:** Streamline document management and help reduce operational costs with a uniquely designed solution for more efficient, cost-effective capture and management of automotive finance and credit documentation.
- **HP Time Sheet Collection Accelerator:** Help reduce the labor and costs required to manually process time sheets and accelerate time sheet collection and data entry to speed revenue streams with automated time sheet processing.

Public Sector

- **HP Access Control SmartCard Solution for US Government:** Enable U.S. Department of Defense (DoD) agencies to use two-factor authentication, requiring CAC personal identification number (PIN) entry as well as possession of a valid smart card and public key infrastructure (PKI) data prior to printing, copying, e-mailing or scanning.
- **HP Document Capture Solution for evidence:** Capture and store citizen identity documents with enhanced security features, and integrate them into your existing agency workflows.

- **HP Government and Courts Case Processing Accelerators:** Help caseworkers easily capture and process case-related documents through existing imaging and printing environments. Organize and streamline critical paper and digital documents—freeing up time, reducing error rates, and enabling workers to assist more clients.
- **HP Tamper-Evident Printing for WIC:** Help prevent government fraud and abuse by protecting Women/Infants/Children (WIC) vouchers against chemical alteration. Select the printer, software, and supplies that meet your optimal operational, security, and budgetary requirements.
- **HP Records Processing Solution for Law Enforcement:** Help law enforcement professionals securely capture and process records through existing imaging and printing environments. Organize and streamline critical information more quickly, efficiently, and with reduced error rates.
- **HP Campus Advantage:** Help reduce costs and waste with a suite of solutions that identify, control, and optimize student and department print access and user experience, whether in central, distributed, or mobile sites.
- **HP Distributed Workflow Solutions for Education:** Automatically capture and categorize critical documents, making them instantly available for real-time access by multiple users and departments. Seamlessly integrate with back-end business applications using this single institution-wide solution that also meets the unique needs of individual departments.

HP Trade-in Program

Trade any product, any brand

The HP Trade-in Program is a simple, seamless way for HP customers to upgrade to HP products and get paid the current fair market value for their aging technology. Spanning every product category, the program has the added benefit of eliminating the hassles—and in most cases, the costs—of old technology disposal by simplifying the shipping process.

Trade products in any of these categories:

- Desktops
- Notebooks
- PC servers
- Monitors
- Printers
- Plotters
- Copiers and Multifunction devices
- Digital cameras
- PDAs
- Projectors
- Networking
- Storage products
- Tablet PCs
- Workstations
- Servers

Additional features

Promotions. Beyond the ongoing program, we also offer enhanced, time-sensitive promotions as further incentive to upgrade to HP technology. Please visit www.hp.com/go/tradeinpromos

Custom quote process. Because the HP Trade-In Program allows you to trade any quantity, we have created a custom quote process to help manage the trade-in process for our large corporate customers whose needs include quantities in excess of 50 units and extended rollouts that may span multiple locations. Learn more at www.hp.com/go/customtradein

Business partner friendly

HP business partners can also leverage the program to help their customers upgrade to new HP products. To learn more about this option, look for us in the programs section at: www.hp.com/partners/US

HP Trade-in Program for Government

With the HP Trade-in Program, Federal, State and Local Government agencies can:

- Help reduce the cost of new HP products
- Take advantage of market trade-in values of aging technology
- Safely dispose of aging hardware by utilizing HP's award-winning environmentally-sound programs

The HP Trade-In Program

- Complies with the General Service Administration's (GSA) Federal Property Management Regulations
- Provides Department of Defense (DOD) 5220.22M Forensic Data Scrub upon request
- Includes EPA/DEP approved recycling options
- Leverages best practices in asset management from both the commercial and government markets

Learn more at www.hp.com/go/tradein

Donate – (for U.S. only)

A new option for donating used IT assets.

- Online tool gives instant tax deduction value quotes
- Donated products are placed with deserving recipients
- Certain products categories apply

This program is made possible through a partnership with the National Cristina Foundation.

Learn more at www.hp.tradeups.com/hpdonations.asp

What is in a name?

The LaserJet, Officejet and Scanjet products have moved to a new naming structure to make it easier for you to find the device you want—whether it's time to upgrade or replace existing products. The new printer and scanner naming system also makes it easier to find the right supplies to meet your needs.

New LaserJet and Scanjet products will use the Pro and Enterprise sub-branding, a family number product descriptor, and a model number and a bundle identifier. The model number and supplies selectability number are the only part of the product name that changed with new product introductions. Officejet products use the Pro selectability, a product descriptor, and a model number.

HP LaserJet family number

Family numbers are always stated in whole 100s (such as 200 or 300), never numbers like 205 or 356. They are permanent, so customers can always find them. Product families are indicated by these numbers:

LaserJet PRO		LaserJet ENTERPRISE	
100	Personal low	500	Small work team high
200	Personal low & high	600	Workgroup A4
300	Small work team low	900	(For future use)

HP LaserJet product descriptor

The descriptor follows the family number, and can be one of five choices:

1. Blank—mono single function
2. “MFP”—mono MFP
3. “color”—color single function
4. “color MFP”—color MFP
5. “color flow MFP”—color MFP

HP LaserJet and Scanjet model number

Model numbers are unique for every device. The “m” in the model number means model, not mono, as in previous product names. For example: M275nw, M551xh.

HP LaserJet and Scanjet bundle identifier

Trailing Alpha Description	
a	Base
d	Duplex
dn	Duplex and network
f	Fax
f1	Flatbed scanner
h	Hard disk
n	Network
q	Workflow
s1	Sheet-feed scanner
t	Tray

Trailing Alpha Description	
w	Wireless
x	dtn or higher
xh	dtn + hard drive
z	Full feature MFP (fsk/fskm)
z+	Full feature MFP (used when more than one z model exist in the line-up for the same model number)

The following “wild card” letters can be used for derivative SKUs: b, c, e, g, i, j, k, m, p, q, r, s, u, v, and y. These letters should not be used: l and o.

Examples

Master brand	Sub-brand	Family number	Callout product descriptor	Model number (includes bundle descriptor)
HP	LaserJet Pro	100	color MFP	M175nw
HP	LaserJet Enterprise	600	None (means mono single function printer)	M602dn
HP	LaserJet Pro	400	MFP	M425dn
HP	Officejet Pro	8100	ePrinter	A809
HP	Officejet Pro	8600	Premium e-All-in-One	A911
HP	Scanjet Enterprise	7000	Sheet-feed Networked Scanner	S2
HP	LaserJet Enterprise	-	color flow MFP	M575c

LaserJet supplies selectability number

HP LaserJet supplies have a new selectability number that makes it much easier for customers to identify the correct supplies for their product. Color laser supplies have a three-digit + alpha (A, X, D) number, while mono laser supplies have a two-digit + alpha number. Selectability numbers are in addition to HP standard part numbers and do not correlate. Black, cyan, yellow, and magenta all have the same selectability number, and are differentiated by packaging colors and descriptions. For example, “230A” is used for all four colors.

LaserJet character limitation in advertising

If the number of characters is limited in advertising, fact tags and catalogs, the following naming convention is to be used.

Master brand	Descriptor	Model number
HP LaserJet	Blank	M175n
	MFP	
	color	
	color MFP	
	color flow MFP

HP Selection Guide

To order additional copies or download the current guide visit:

www.hp.com/go/SelectionGuide

For additional product information, visit www.hp.com (U.S.) or www.hp.ca (Canada)

^{a)} For InkJet Printers: After first set of ISO test pages. For more information, see www.hp.com/go/printerclaims. For LaserJet Printers: Measured using ISO/IEC 24734, excludes first set of test documents. For more information see www.hp.com/go/printerclaims. Exact speed varies depending on the system configuration, software application, driver, and document complexity.

^{b)} Maximum dpi that can be scanned is limited by available computer memory, disk space and other systems factors. Scan speeds measured at 200 dpi (black-and-white, color, and grayscale) using A4 sized paper in portrait mode.

^{c)} Estimated U.S. street price. Actual prices may vary. Contact your authorized HP reseller for the most current pricing information.

^{d)} Copy speeds may vary depending on the type of document.

^{e)} Speeds attained at 200 dpi black and white, color and grayscale using Smart Document Scan Software, letter size/A4 paper.
